

GODSDIVINE AZUKA

ADMINISTRATIVE VIRTUAL ASSISTANT

Delta State, Nigeria | +234 901 649 5550 | godsdivineazuka@gmail.com | [linkedin.com/in/godsdivine-azuka-463675236](https://www.linkedin.com/in/godsdivine-azuka-463675236)

PROFILE

I turn scattered admin work into systems that run themselves. Administrative Virtual Assistant with hands-on experience across task management, scheduling, data organization, and workflow automation. Fluent across Notion, ClickUp, Trello, Asana, Calendly, Zapier, Google Workspace, and Microsoft Office — and fast to adopt whatever stack a team already runs on. Background in chemical process operations (NNPC) brings a habit of precision and procedure to admin work that most VAs never develop. Known for building trackable, low-maintenance systems out of chaos, and for staying composed when priorities shift without warning.

CORE COMPETENCIES

Admin & Scheduling	Tools & Automation	Communication & Support
- Calendar & appointment coordination - Deadline tracking - Inbox management & follow-ups - Document & file organization	- Notion, ClickUp, Trello, Asana - Calendly + Google Calendar - Zapier workflow automation - Google Workspace, Microsoft Office	- Client & customer correspondence - Order & enquiry handling - Internet research & fact-checking - Team coordination

EXPERIENCE

Administrative Virtual Assistant — <i>Freelance</i>	Aug 2026 – Present
- Built and maintained task trackers and project boards across Notion, ClickUp, Trello, and Asana, giving each project a single, visible home for deadlines and ownership. - Ran scheduling through Calendly synced to Google Calendar, coordinating appointments without back-and-forth. - Organized documents and business information across Google Workspace and Microsoft Office, keeping records structured and easy to retrieve. - Automated a recurring admin workflow with Zapier, connecting form submissions to follow-up emails and removing manual data entry.	
Sales & Customer Service Assistant — <i>Divine Bar, Abuja</i>	Dec 2024 – Feb 2025
- Handled customer orders and day-to-day sales transactions, keeping service moving during busy periods. - Responded to customer enquiries promptly and resolved issues on the spot, supporting a consistent service experience. - Logged daily sales and stock levels, flagging restocking needs before they became shortages.	
Junior Operator Intern — <i>NNPC, Warri</i>	May 2024 – Oct 2024
- Recorded and tracked daily operational readings at a gas processing plant, feeding into daily and monthly reports. - Monitored equipment performance and methane gas operations, escalating relevant observations to plant personnel. - Followed HSE procedures and PPE requirements while coordinating with operators and supervisors on shift.	

EDUCATION

B.Eng Chemical Engineering — <i>Delta State University</i>	2021 – Anticipated 2026
